

David Wilson

Entry-Level Software Tester

Email: info@resumekraft.com | Phone: (555) 965-5016 | Location: Glasgow, Scotland, UK | LinkedIn: linkedin.com/in/david.wilson

SUMMARY

A meticulous software tester with a proven track record of enhancing product quality through rigorous testing methodologies. Improved defect detection rate by 30% during first year by implementing automated testing tools. Proficient in test case design, bug tracking, and QA documentation. Eager to contribute to a collaborative team environment and drive software excellence in upcoming projects.

SKILLS

Automated Testing	API Testing
Manual Testing	Documentation Skills
Bug Tracking Systems	Creativity
Test Case Design	Attention to Detail
Agile Methodologies	Critical Thinking
SQL	

EXPERIENCE

Software Tester – Tech Innovations Inc. (June 2022 – Present)

- Conducted over 200 test cases, resulting in a 30% increase in defect detection rate.
- Collaborated with development teams to streamline QA processes, reducing testing cycle time by 20%.
- Utilized Selenium for automated test scripts, improving regression testing efficiency.

Junior Tester – Quality Assurance Solutions (June 2021 – May 2022)

- Assisted in development of QA documentation, enhancing clarity and consistency across projects.
- Participated in daily stand-ups to identify testing priorities and resolve blockers effectively.
- Executed manual tests on web applications, achieving a 95% accuracy rate in bug identification.

EDUCATION

Bachelor of Science in Computer Science – State University (August 2018 – May 2021)

Graduated with honors, focusing on software development and quality assurance.

CERTIFICATIONS

Certified Software Tester – International Institute for Software Testing (January 2023 – June 2023)

Completed comprehensive training in software testing methodologies.

Agile Testing Certification – Agile Alliance (March 2023 – August 2023)

Gained expertise in Agile testing practices and frameworks.
